Slide 9

Executive summary

From single-ingredient knockout pills to multi-pathway sleep systems

The category shifted from monotherapy melatonin to holistic, stress-first stacks — low-dose or melatonin-free.

WAS High-dose isolated melatonin (5–10 mg)	NOW Magnesium + L-Theanine + adaptogens + botanicals
--	--

ANCHOR INGREDIENTS

- Magnesium
- L-Theanine
- Ashwagandha
- Tart cherry
- GABA
- Apigenin

- Melatonin still present but declining as the sole hero; micro-dose & time-release replace “knockout” positioning.
- Delivery expanded: tablets ’ gummies, powders, sprays, micro-dose capsules.
- Parallel melatonin-free economy targets grogginess fears & “clean label” expectations.

Melatonin evolution

Three eras · 2021–2026

2021–2022

Knockout pill era

Melatonin: 5–10 mg standalone

Focus: Sleep onset only

Tablets & fast-dissolve

2023–2024

Adaptogen pivot

Melatonin: Heavy loads “

Focus: Stress as root cause

+ L-Theanine, Mg, Ashwagandha

2025–2026

Multi-pathway systems

Melatonin: 0.3–3 mg micro / time-release

Focus: Stay asleep · no hangover

Gummies, powders, sprays, caps

MELATONIN DOSE BAND SHIFT

Melatonin landscape

Mass market & high-dose legacy · still shelf-dominant

REPRESENTATIVE BRANDS — TRADITIONAL & HIGH-DOSE

Brand	Format	Melatonin	Stack
Natrol Advanced Sleep	Tablet / fast dissolve	5–10 mg	Controlled-release melatonin
Nature's Bounty Quick Dissolve	Fast-dissolve tablet	3–10 mg	Melatonin only
Nature Made Melatonin	Tablet / gummy	3–10 mg	Melatonin only
Thorne Melaton-3 / Melaton-5	Capsule	3–5 mg	Pharmaceutical-grade melatonin
Clean Nutraceuticals Sleep	Capsule	10 mg	L-Theanine, Ashwagandha, Mg, botanicals
Extra Strength Sleep Gummies	Gummy	10 mg+	GABA, Ashwagandha, Mg, L-Theanine, Tryptophan

Modern stacks · lower dose · new formats

REPRESENTATIVE BRANDS — MULTI-PATHWAY & INNOVATION

Brand	Format	Melatonin	Stack
OLLY Sleep Gummies	Gummy	3 mg	L-Theanine, chamomile, lemon balm
Lemme Sleep Gummies	Gummy	5 mg	Mg, L-Theanine, botanicals
Juna Nightcap	Gummy	Low-dose	Mg, adaptogens, botanicals
Ritual BioSeries Sleep	Capsule	Time-release	Extended-release technology
Elo Sleep Gummies	Gummy	2 mg	Mg, L-Theanine, tart cherry, Ashwagandha
Nature's Way Sleep Well	Gummy	Not disclosed	Ashwagandha, Mg, melatonin
Momentous Elite Sleep	Capsule	Low-dose	Performance recovery blend

Melatonin landscape

Continued

Brand	Format	Melatonin	Stack
Utzy Micro Melatonin	Capsule	Micro-dose	Circadian support
Onnit Instant Melatonin Mist	Oral spray	3 mg	Spray delivery
Som Sleep Powder	Drink powder	Variable	Mg, amino acids
Charlotte's Web Quiet Sleep	Gummy	Variants	Mushroom extracts, botanicals

Melatonin-free ecosystem

Primary alternative pathways · “chillmaxxing” & recovery culture

Consumers avoiding synthetic melatonin grogginess drove a secondary economy anchored on stress, neurotransmitters, and natural polyphenols.

Neurotransmitters

GABA · 5-HTP · L-Tryptophan

Boost serotonin pathway · ease mind-racing

Stress reducers

Ashwagandha (KSM-66) · Saffron

Suppress nighttime cortisol

Muscle & brain relaxers

Magnesium glycinate · Magnesium L-threonate

Relaxation + cognitive recovery

Nature's melatonin

Tart cherry extract

Polyphenols · gentle circadian support

Melatonin-free brands

Powders, drinks & all-in-one matrices

DRINKS & POWDERS

Brand	Format	Positioning	Key actives
Moon Juice Magnesi-Om	Powder	PM calm, regularity	Multi-form Mg + L-Theanine
Beam Dream (melatonin-free)	Cocoa powder / caps	Restorative sleep	Mg, reishi, L-Theanine, apigenin
Life Time LTH Dream	Powder	Recovery, wake fresh	Three Mg forms + calming nutrients
AGZ Nightly Sleep Support	Powder	Melatonin-free nightly rest	Mg, B6, L-Theanine, Ashwagandha
Recess Mood	Sparkling / powder	Calm, unwind	Mg, adaptogens
Primal State Nighttime Recovery	Drink mix	2026 melatonin-free gap-fill	Recovery / sleep positioning

Melatonin-free brands

Gummies, softgels & capsules

GUMMIES, SOFTGELS & CAPSULES

Brand	Format	Positioning	Key actives
OLLY Goodbye Stress	Gummy / softgel	Calm but alert	GABA, L-Theanine, lemon balm
Lemme Relax Soft Chews	Soft chew	Chillmaxxing / stress sleep	Mg glycinate, KSM-66, tart cherry
Gaia Herbs Sleep Thru	Phyto-cap	Stress-related sleeplessness	Ashwagandha, magnolia, passionflower
Nature's Way CalmAid	Softgel	Stress, tension	Silexan lavender oil
Life Extension Herbal Sleep PM	Capsule	Melatonin-free sleep	Lemon balm, honokiol, chamomile
Life Extension Enhanced Sleep	Capsule	Sleep quality, stress	Milk peptides, Ashwagandha, amla
HUM Mighty Night	Softgel	Beauty sleep	Valerian, passionflower, CoQ10, ceramides

Melatonin-free brands

Continued

Brand	Format	Positioning	Key actives
Transparent Labs Sleep & Recover	Capsule	Recovery, no grogginess	Melatonin-free blend
VitalMonk Sleep Aid	Capsule	No melatonin	Mg, GABA, L-Theanine, apigenin
Native Remedies Sleep Gummies	Gummy	Gentle herbal	Valerian, chamomile, Mg, L-Theanine
Nature's Craft Mg L-Threonate	Capsule	Calm + sleep, sharp AM	Mg L-threonate, apigenin, lemon balm
Thorne Stress Balance / PharmaGABA	Capsule	Stress / calm	Ashwagandha stack / PharmaGABA

2026 macro trends

How the category is positioning now

Sleepmaxxing backlash 'simplicity

Consumers reject 10-step optimization fatigue. Winners bundle Mg + L-Theanine + tart cherry in one powder or gummy (Lemme Relax, AGZ, Ritual).

Synthetic 'clean & natural

Synthetic melatonin seen as a heavy hitter. Tart cherry, mushrooms (Reishi, Beam Dream), and whole-food botanicals gain share.

Sleep = next-day brainpower

Sleep marketed as biohack for cognitive longevity. Mg L-threonate and performance recovery (Momentous, Nature's Craft) emphasize waking sharp, not sedated.

IMPLICATION FOR ATE DAYS

Opportunity space: low-dose or melatonin-free, all-in-one, stress-first formulas with clear next-day positioning.
